**CITY OF RICHARDSON
SIGN CONTROL BOARD MINUTES – MARCH 9, 2016**

Ms. Dorthy McKearin, Chair, called a regular meeting of the Sign Control Board to order at 6:29 p.m. on Wednesday, March 9, 2016, at the Civic Center Council Chamber, 411 W. Arapaho Road, Richardson, Texas.

MEMBERS PRESENT: DORTHY MCKEARIN, CHAIR
 MUHAMMAD Z. IKRAM, MEMBER
 SCOTT PETTY, ALTERNATE
 SEBRENA BOHNSACK, ALTERNATE

MEMBERS ABSENT: CHIP IZARD, VICE CHAIR
 CHARLES WARNER, MEMBER
 ALICIA MARSHALL, MEMBER

CITY STAFF PRESENT: STEPHANIE JACKSON, BUILDING INSPECTION MGR.
 STEPHEN PAPANIA, BUILDING INSPECTOR

Ms. McKearin stated there is a quorum present.

Mr. Ikram made a motion to approve the minutes of the January 6, 2016 meeting. The motion was seconded by Ms. Bohnsack and it carried unanimously.

SCB CASE #16-03 TO CONSIDER THE REQUEST OF SPRING VALLEY GAS AND MORE FOR A VARIANCE TO THE CITY OF RICHARDSON CODE OF ORDINANCES, CHAPTER 18, ARTICLE III, SECTION 18-96(23)(B)(3)(ii) AND CHAPTER 18, ARTICLE III, SECTION 18-96(23)(5) TO ALLOW FOR A 30 FT. 7 IN. TALL POLE SIGN, 252 SQ.FT.IN AREA, WITHOUT CLADDING AROUND THE POLE IN A LOCAL RETAIL ZONED DISTRICT ON THE PROPERTY AT 701 W. SPRING VALLEY RD.; AND TAKE APPROPRIATE ACTION.

Ms. McKearin stated that the applicant for SCB Case #16-03 has submitted a letter requesting a continuance until the April 6, 2016 Sign Control Board meeting.

SCB CASE #16-04 TO CONSIDER THE REQUEST OF CARMEL CAR WASH FOR A VARIANCE TO THE CITY OF RICHARDSON CODE OF ORDINANCES, CHAPTER 18, ARTICLE III, SECTION 18-96(23)(D)(4) TO ALLOW FOR A POLE SIGN 164 FEET FROM A SINGLE USE MONUMENT SIGN IN A LOCAL RETAIL ZONED DISTRICT ON THE PROPERTY AT 1400 E. CAMPBELL RD.; AND TAKE APPROPRIATE ACTION.

Ms. McKearin opened the Public Hearing and Ms. Jackson introduced the request of Carmel Car Wash for a variance to the City of Richardson Code of Ordinances, Chapter 18, Article III, Section 18-96(23)(D)(4) to allow for a pole sign 164 feet from a single use monument sign in a local retail zoned district on the property at 1400 E. Campbell Rd.; A power point presentation was shown for review.

Ms. McKearin asked if a representative of Carmel Car Wash was present.

Mr. Matt Wilson, 3201 Manor Way, Dallas, TX, the representative of Chandler Signs, provided a power point presentation to the Board to explain the applicant's need for a variance.

Mr. Ikram asked where the gas easement was located at the site. Mr. Wilson indicated where the gas easement was located on the site plan. Mr. Wilson stated that Oncor gave the applicant permission to erect a sign 26 feet from the gas lines, but the proposed signs could not encroach any further into the easement or overhang into the easement.

Ms. McKearin stated that she understands the applicant wants signage visible from both Campbell Rd. and Plano Rd. Ms. McKearin asked if the applicant has considered moving the proposed monument sign further to the west so that it would be near the corner of the property and have visibility from both streets.

Mr. Wilson stated that he had discussed utilizing only one sign at the corner of the property with his client. Mr. Wilson stated that there is a tree at the corner of the property which would limit visibility, and that the gas easement also extends to this area and the sign still has to be located a minimum of 26 feet from the gas lines. Mr. Wilson stated that he reviewed several options with his client and the island where the proposed pole sign is located was the only area where it would be able to comply with setback requirements. Mr. Wilson stated that there is also a lot of concrete at the property due to the traffic that will be driving in and out of the car wash. Mr. Wilson stated that this limits his client from putting the sign in another location where it would have visibility from both streets.

Mr. Petty asked how close the pole sign could be moved to the corner. Ms. Jackson stated that the sign could be located 26 feet away from the west property line due to the gas easement. Mr. Wilson asked about the City's minimum setback from the west property line. Ms. Jackson stated that the City did not have a minimum setback requirement from this property line, but the sign must be on private property and may not overhang City property.

Mr. Petty asked if Mr. Wilson thought he could still get visibility from both streets with a single 20 foot tall pole sign located 26 feet from the west property line. Mr. Wilson stated that the car wash's vacuum area is expansive along the property and would block visibility of the sign.

Mr. Ikram asked if the proposed monument sign along Campbell Rd. could be relocated so that it would comply with the ordinance's requirement of a 200 foot setback from the pole sign. Mr. Wilson stated that there is an ADA ramp to the east of the proposed sign and a dumpster located on the other side of the drive. Mr. Wilson stated that there is no way to move the proposed sign further east to meet the 200 foot setback requirement. Mr. Wilson stated that the dumpster has already been built and there is no way to relocate it to another area.

Ms. McKearin asked if there was anyone else present that wished to speak regarding SCB Case #16-04. Seeing none, Ms. McKearin closed the public hearing and asked for comments from the Board.

Mr. Petty stated that he understood the applicant's desire for a variance due to the limitations at the site because of the easement. Mr. Petty stated that despite this limitation the applicant will still be able to utilize at least one pole or monument sign without a variance.

Mr. Ikram moved to approve SCB Case #16-04. Mr. Petty seconded the motion and it passed unanimously.

Mr. Ikram moved to adjourn the Hearing. Ms. Bohnsack seconded the motion and it carried unanimously.

There being no other business before the Board, the meeting was adjourned at 6:47 p.m.

ACTION REQUESTED:

Council to consider award of Bid #36-16 to BP Equipment Co., for the Eisemann Center Garage Parking Access and Revenue Control System Improvements in the amount of \$196,232.33.

BACKGROUND INFORMATION:

On February 18, 2016 the Capital Projects Department received and opened two bids for the referenced project. One bid was a non-conforming bid. The other bid was received from BP Equipment Co. The proposed improvements will replace a system that is slow, requires considerable on-site staffing to operate and for which parts are no longer available for maintenance. The new system can be run by on-site staff during scheduled events and normal business hours but is connected to an off-site control center that can remotely help users after hours and provide continuous system support, diagnostics and repair.

FUNDING:

Funding is provided from the Hotel/Motel Tax Fund.

SCHEDULE:

The Capital Projects Department plans for this project to begin construction April 2016 and be completed by July 2016.

SUBJECT: Award of Bid #37-16 for an Annual Requirements Contract for Irrigation Supplies to Longhorn Inc. pursuant to unit prices

Proposed Date of Award: March 14, 2016

I concur with the recommendation of Bobby Kinser – Assistant Parks Superintendent, and request permission to issue an annual requirements contract for various irrigation supplies to Longhorn Inc. pursuant to the attached unit prices.

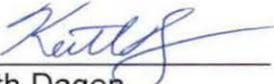

Longhorn Inc. was the only bidder to bid on all items specified in the request for bid and provides the highest percentage discount from manufacturer's list price for parts not listed in the request for bid.

The term of the contract is for one (1) year with options to renew for up to four (4) additional one-year periods, if agreeable to both parties. The award of this contract allows the city to purchase irrigation supplies as the requirements and needs of the city arise on an annual basis and during any subsequent renewal period(s). Since the city is not obligated to purchase a minimum or maximum amount of products, payment will be rendered pursuant to the unit prices specified.

Funding is available in account 011-3061-541-4359.

The bid was advertised in *The Dallas Morning News* on February 9 & 16, 2016 and posted on Bidsync. A total of 491 electronic solicitations were distributed and 22 vendors viewed the bid. A pre-bid conference was held on February 17, 2016 and 3 bids were received.
